

Sisters Trails Alliance Speakers Series - Thursday, April 21, 2016

“Tale of Two Rivers - The Sequel- Keeping the “Wild” in Wild and Scenic.”

Maret Pajutee, Sisters Ranger District Ecologist, will pull out the crystal ball to discuss the future of Whychus and the Metolius River in a presentation called “Tale of Two Rivers - The Sequel- Keeping the “Wild” in Wild and Scenic.” Bend and Sisters face rapid population growth over the next several decades with many people moving here for our wonderful outdoor lifestyle. Yet land managers struggle with development pressure on public lands and with their capacity to protect wild places and people’s experiences. Where do recreation developments and ecosystem conservation collide and what can we do to keep wild places in our future? Maret has worked on the Sisters Ranger District for 25 years in watershed restoration and recreation planning.

This is a special late spring presentation in the Sisters Trails Alliance Speakers Series. We have been able to line Maret up as a speaker during her last month of employment with the U.S. Forest Service - just before she heads off into the new adventures of retirement.

Location: The Sisters-Camp Sherman RFPD Fire Station Community Hall, 301 S Elm Street, Sisters, Oregon.
Doors will open to the public 6:00 PM, with the presentation getting underway at 7:00 PM. Light snacks and refreshments will be provided.

The Sisters Trails Alliance (STA) is an all volunteer organization dedicated to planning, constructing and maintaining walking, hiking, cycling and equestrian trails in Sisters Country. For more information, please visit our web site: www.sisterstrails.com
